Call for Paper -IJESET

Aim & Scope

CALL
FOR
PAPERS

The journal aims to cover the fields of Engineering Sciences & Emerging Technology but not limited to the following:

Microwaves, Antennas, Propagation
Microstrip circuits and components
Mechatronics
Mechanical Engineering
Materials Engineering
Manufacturing Engineering
Intelligent Systems
Information Technology
Industrial Engineering
Geological Engineering
Aeronautical Engineering
Automotive Engineering

URL: http://www. ijeset.com
E-mail : submission@ijeset.com
            editor@ ijeset.com

The journal aims to cover the fields of Engineering Sciences & Emerging Technology but not limited to the following:

Fault Tolerance
Embedded Systems & Applications
Electronics Engineering
Electromechanical System Engineering
Electrical Engineering
Digital Speech Processing
Design engineering
Data Engineering
Data Compression
Control and Computer Systems
Computer Software / Hardware
Computer Science Engineering

The journal aims to cover the fields of Engineering Sciences & Emerging Technology but not limited to the following:

Telecommunication Engineering
System safety and Security
System Engineering
Software Engineering
Signal Processing
Signal Processing & applications
Sensors and measuring techniques
Scattering, RF-IC, SOC
Satellite Communications
Routing, Scheduling and Switching
Robotics and Intelligent Sensing
Remote sensing

URL: http://www. ijeset.com
E-mail : submission@ijeset.com
              editor@ ijeset.com
